### EXTRACTING THE CONTENT OF THE QUIKREAD GO SOFTWARE FILE CONTAINS FOLLOWING 3 STEPS:

Note: At any time of the process, do not change file or folder names.

#### Step 1.

Software is downloaded to your PC under download folder as zipped file.

| 🕨   🔄 📙 🗢   Downloads  |   |                      |                  |                            |  |  |  |
|--|---|----------------------|------------------|----------------------------|--|--|--|
| File Home Share View   | w   |                      |                  |                            |  |  |  |
| $\leftarrow$ $\rightarrow$ $\checkmark$ $\uparrow$ $\blacklozenge$ > This PC > | $\leftarrow$ $\rightarrow$ $\checkmark$ $\uparrow$ $\downarrow$ $\Rightarrow$ This PC $\Rightarrow$ Downloads |                      |                  |                            |  |  |  |

#### Step 2.

Attach USB memory stick or hard drive to your computer. Wait until you can see it under your folders.

| rowse For Folder                        | ×      |
|---|--------|
| Specify a location for extracted files. |        |
| Computer                                | ^      |
| Removable Disk (D:)                     | *      |
| Make New Folder OK                      | Cancel |

## AIDIAN

### Step 3.

Go to the folder, where you downloaded the software zip file.

| 🕹 🗌 🚽 🗌 🗢  |           |            |                  |                            |
|--|-----------|------------|------------------|----------------------------|
| File Home Share Vie  | w         |            |                  |                            |
| $\leftarrow$ $\rightarrow$ $\checkmark$ $\uparrow$ $\blacklozenge$ > This PC > | Downloads |            |                  |                            |
| E. Desktop   | * ^ _ 1   | Name       | Date modified    | Туре                       |
| 🖆 Documents  | *         | Today (1)  |                  |                            |
| 🖶 Downloads  | A         | grzwupdate | 14/04/2020 15.50 | Compressed (zipped) Folder |
